It is a travesty that the people of South Carolina can not the benefits of a low cost ride share program. Please give fair competition a chance and reverse your ruling against Uber.

Thanks

Charleston is a beautiful city to visit. We travel there 2-3 times a year to visit my in laws.

We use uber religiously when in town to golf, ship and dine. They are an innovative service and I can't understand why sc would try to prevent uber from operating.

Please allow uber to operate and allow my travel experience to continue

Thank you.

Uber is awesome! I've never had a bad experience with an Uber. In fact, I feel safer riding with an Uber driver than I do with a taxi driver. The Uber drivers are friendly and courteous. They keep their vehicles cleaner than most people I know. A ride is just a touch away with a smartphone. Since customers pay beforehand, there's no haggling about prices. Oftentimes, a ride is cheaper with Uber than with a taxi. I love this form of public transportation, and I would be very sorry to see it go.
